多くの 世界には 70億以上
 There are many people in the world. There are over 7 billion people. This
非常に多くの
 is a very big number of people. Every day we see many people. We see
 people walking. We see people driving. We see people shopping. We even
どこにでも
 see people in our schools. There are people everywhere.

重要な なぜなら
 People are important in our lives. People are important because they
